**OPPOSITION TO  
MOTION TO STRIKE**

Eric R. Hilding herein submits his Opposition To Motion  
To Strike. 1/

The Hughes' document entitled Motion To Strike appears  
tardy and should be dismissed. The motion referenced the  
"Standardized Integration Statement of Eric R. Hilding" which  
was filed at the Commission on May 5, 1993.

In order to minimize unnecessary paperwork in this  
proceeding, Hilding respectfully requests that in order to  
also reduce redundancy, that the relevant comments contained  
in his Reply To Opposition To Motion To Enlarge Issues filed  
concurrently herewith be incorporated as text hereto. Hilding  
opposes the Hughes Motion To Strike & requests its dismissal.

1/ Timely filed pursuant to the Commission rules for replies.

Of amusing interest in the Hughes document at footnote 3 is that "Ms. Hughes does not object to Mr. Hilding's inclusion of his proposed auxiliary power generator in his statement..". The auxiliary (backup) power preference was born out of the comparative hearing processes for which items in the Hilding "enhanced" Standardized Intergration Statement accordingly have merits which deserve evaluation in this proceeding.

"[Since] most of the criteria currently used in  
comparative new and comparative renewal licensing

Contrary to the Hughes complaint, Hilding can find nothing in Section 1.325(c) of the Commission's rules which restricts Hilding from including said rightful additions, enhancements and/or embellishments worthy of evaluation. The Hughes Motion is therefore lacking in either administrative or procedural merit and must be dismissed.

Eric R. Hilding declares under penalty of perjury that the foregoing is true and correct to the best of and/or of his personal knowledge.

Respectfully submitted,
